

Welcome

Welcome to DCSVintage!

We would like to repair your vintage and classic gear. Please contact us to get an idea of cost and time frame to complete the job. Our clients appreciate our attention to detail, and our willingness to help, even if you plan on doing the repairs yourself. DCSVintage is your source for repair tips or researching parts and service information.

The 'Repairs' ticketing application on the top menu can be used to track progress of a repair. Your requests, updates, estimates, completion and shipping information are easily and securely tracked. Register here to use our repair resources.
